SCHOOL TRUSTEES ASKED FOR OLD SCHOOL BUILDING

Clerk Instructed Last Evening at Meeting of City Council to Request Richmond Board of Education Use of Standard Avenue School Building for City Hall Purposes—Question of Right of School Board to Give City School Building Will Be Settled at Early Date

At the meeting of the city council last evening the question of securing the old Standard avenue school building came up which called forth some protest from Mayor O. R. Ludewig and Councilmen Follett and Lane.

After much discussion it was finally decided to instruct the city clerk to take the matter of securing the old school building up with the members of the Richmond board of education.

The question arose at the meeting last evening as to the right of the board of education to give the building to the city. It is said that City Attorney Hall is doubtful whether the school trustees have the right of disposing of the school property although he has given no official opinion as yet in the matter.

According to Attorney Lee D. Windrem the members of the board of education have already given their assurances that there will be no difficulties in the way of turning the building over to the municipality for city hall purposes.

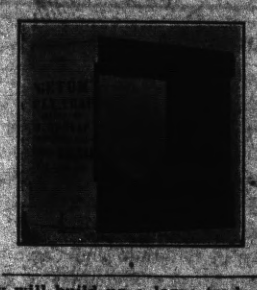
Trustee Ford, of the Richmond board of education, when interviewed by a Record-Herald reporter today stated that he knew of no members of the school board having given any assurances as to the willingness to part with the Standard avenue school building and that nothing officially had been brought to his or his colleagues' notice.

City Council Buys "Getum" Fly Traps

At the meeting of the city council last evening, on the recommendation of the health commissioner, 75 "Getum" fly traps were purchased from the Dunlap Manufacturing company, of this city for the purpose of inaugurating a flycatching campaign in Richmond this spring.

The "Getum" trap was selected by the health department after severe tests as to its efficiency and the order for the 75 traps is a big thing for the local concern, headed by A. Dunlap of San Pablo.

That the production of the Dunlap Manufacturing company is considered the best trap on the market is evidenced from an order received by the company this morning from the state university at Berkeley for six "Getum" traps, to be made thirty inches long to fit in the tops of windows when the same are lowered. The university authorities after a sereve test, have pronounced the "Getum" the best fly trap on the market and no doubt the local company will build up a large trade this summer.



Mr. A. Dunlap, manager of the fly trap company, has recently made a proposition to the health departments of all the large cities of the state to catch flies at 5 cents per thousand. It is believed that many of the municipalities will accept Mr. Dunlap's offer.

The traps were demonstrated at the state fair last fall at Sacramento and received a diploma for the best fly trap on exhibition at the state capital.

CITY COUNCIL HAS A BUSY SESSION

Petitioners Ask That Liquor Ordinance be Amended That Age Limit of Those Entitled to Patronize Saloons be Raised From 18 to 21 Years—Wernse Urges That Work on Inner Harbor be Started at Early Date—Rights of Way Matter Adjusted—Phone Complaint Settled—City Purchases Fly Traps

All members of the city council were present last evening when Mayor O. R. Ludewig called the body to order with the exception of Councilman J. B. Willis. The minutes of the previous meeting were read and approved.

Want Street Light

A communication was received from the residents of the neighborhood of 15th and Ohio street, asking that a street light be installed in that vicinity. The matter was referred to the light committee.

Age Limit to Be Raised

A petition was filed with the board signed by 110 residents of the city asking that the liquor ordinance be amended to the extent that the age limit on parties patronizing saloons be raised from 18 years to 21. The state law fixes the age of persons who can purchase intoxicating liquors at 21 and it is the desire of the petitioners to have the city ordinance conform to the state law.

Ask City Dads to Attend

A communication was received from the San Francisco City Planning exhibit inviting the members of the council to attend the exhibit at the metropolis in a body. The communication was placed on file. It is probable that several members of the council, headed by the mayor, will take in the exhibit which is a replica of the Oakland exhibit recently held.

VAN DORSTEN SUBMITS TO AN OPERATION

E. L. Van Dorsten, who was injured some time ago while employed in the Santa Fe yards, and who has been an invalid since the accident, submitted to an operation performed at the Roosevelt hospital for the removal of a portion of his skull in order to relieve the pressure on his brain.

Reports received from the bedside of the sufferer are to the effect that he has rallied and that he will soon be out again.

CLUB POSTPONES ITS MEETING

The members of the E'Studenyina Glee Club of the high school have postponed their meeting which was to have taken place this evening until the evening of April 14th, at which time the club will meet at the home of Miss Vera Wyatt at 600 Ripley avenue.

The club since its organization the first of the year, has added several new members.

HERE'S MAN WHO HAS WALKED ALL THE RAILROADS

A man giving the name of Oliver Wendell Kiefer, who claims the distinction of having walked the tracks of every railroad in the United States from Nova Scotia to Los Angeles, was arrested at a late hour last evening by Officer Wright, for vagrancy.

According to the officer Kiefer, when taken up by the police had quite a cargo of liquor aboard, the effects of which were making him salute telephone poles along Macdonald avenue. He will appear before Judge Lindsey tomorrow morning.

ELECTION RETURNS

The complete returns of the Owens recall election are to be flashed on a large screen in the front of Stanford E. Philpott's store at the corner of Sixth street and Macdonald avenue.

Assistant District Attorney J. A. Sollo of Martinez was in town today.

OWENS WILL BE SUSTAINED BY PEOPLE OF DISTRICT

Voting throughout this city today was brisk and the indications are that Senator James E. Owens will be sustained by a majority of the voters of Richmond. No excitement was manifested and outside of the clamoring of a few enthusiastic opponents of the representatives from the ninth district in the state senate one would hardly believe a recall election was going on.

It is the opinion of those who have kept close tab on the vote today that when the ballots are counted this evening that it will be found that Mr. Owens will have a sufficient majority to retain his seat in the state legislature.

Reports from other portions of Contra Costa county received at this office today indicate that all districts, with the possible exception of Crockett, will be found on the right side of the column of figures when the votes for Owens are counted.

Word was received at this office from Marin county at different times during the day to the effect that Owens is safe. In fact very little, if any, opposition has manifested to the Owens forces who have been busy looking out for the senator's interests in this part of the district.

CHARITY COMMITTEE HOLD MEETING LAST EVENING

A meeting was held at the home of Mrs. W. J. Scroggs last evening on Nevin avenue by the committee of the Richmond club for the purpose of taking up the matter of the organization of a Social Service club in this city which will handle the collection and dispensing of charity funds. Rev. Hubert Carroll, of the state commission on immigration and housing was present and gave the committee much information of a practical kind as to what procedure should be taken in the organization of the charity club.

Rev. Carroll also gave out portions of his report based on an investigation in Richmond of housing conditions which covered the size, condition of rooms and character of food served in the hotels and boarding houses in this city.

The report is in three parts. "Part One" deals with a brief history of Richmond with an intention of laying a foundation for the rest of the report. "Part Two" gives the social background, as it refers to health and housing, industrial conditions, education, recreation, and dependency and delinquency. "Part Three" contains the details of the investigations of the hotels, boarding and rooming houses, and in this part Carroll has done a work of extensive classification and detail. Many tables, charts and diagrams are used to illustrate to the State Board the exact condition which are faced by hotel roomers, especially the alien working men.

When asked as to his personal opinion after these investigations Carroll said, "I find many excellent conditions and also some which should be changed, if the city is to become properly careful of its future. The men live in most cases in a healthy environment, where the sanitary equipment is good. The food served is, on the whole, good, and everywhere I found the dining room the best feature of the house. The bed rooms are mostly of good size and seldom overcrowded, the rates are reasonable and wages for common labor good. There seems little distress through unemployment, though this may be because the unemployed leave Richmond."

Mr. Carrillo holds that there exists inadequate fire protection in the lodging houses and hotels of the city and he also suggests that a more careful scheme of hotel registration should be enforced.

With most of us it is necessary to have someone start the demand for an encore.

Another way to get the best of the argument is to keep out of it.

SACRAMENTIANS TO VISIT US THIS WEEK

Some fifty prominent citizens of Sacramento are coming to Richmond this week to look over the town and see with their own eyes the wonders of the youngest and most thriving municipality in the state. They will be the guests of the Richmond Industrial Commission and are from the ranks of Sacramento's principal manufacturers and business men.

The exact date of the arrival of the visitors has not been given out, but it is expected that they will make their advent in this city tomorrow or next day.

The visitors will be shown over the entire city and the different industrial plants of this city will be objects of special interest to them.

Miss Search entertained a number of her many friends at a surprise party held at her home at 545 6th street on Saturday evening.

OFFICE FORCE HOLD MONSTER CLAM BAKE

The members of the main office at the Standard Oil refinery spent Sunday at the Richmond pole yard where a clam bake was held. The pencil pushers of the office ate their fill of the crustaceans concluding the afternoon with a number of field events. Those who were present at the affair were: "Egg" Scofield, "Archer" Toneri, "Bede" Ivory, "Lady" Tiller, "Iron Man" Siegel, "Pop Eye" Mason, "Pete" Brown, "Kid" Neville, "Lead" Hulin, "Wizard" Dominick, "Bologne" Brichman, "Jumbo" Thompson, "Funnel" McMillan, "Babe" Osborn, "Nose" McKinley, "Shorty" Paxon, "Fat" Hyman, "Nicholas" Hauser and "Pile" Tuller.

Clothes do not make the man, but they are quite a help to the woman in the case.

A man certainly hates to have a woman tell him how to run a furnace.

Chief Takes Pictures Of Dynamite Craft

Chief of Police Arnold, accompanied by Sergeant Ruiz and Attorney Ralph Jones of Martinez made a flying trip to Point Orient at a late hour today to secure several pictures of the fishing boat in which were found the explosives carried by the three alleged dynamiters.

The pictures are to be used as further evidence in the case of Harlton, Brown and Mooney, charged with having high explosives in their possession who are at the present time facing trial at Martinez.

Miss Grace Johnson To Be Easter Bride

A charming easter wedding is to take place in Our Lady of Mercy Catholic church on Sunday evening, at which time Miss Grace Johnson will become the bride of Fred Fraser, popular young man of San Pablo.

The two young people will be attended by Mrs. Fred Dunning and Patrick Fraser, brother of the groom. Miss Johnson is the daughter of P. F. Johnson, the local coal and grain dealer.

Following the marriage ceremony which is to be performed by the Rev. Father Sullivan the newlyweds will leave for a trip to Los Angeles.

INDEPENDENT DEMOCRATIC Official Paper of the City of Richmond

Editorial Department

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

CONSISTENCY A MOSS AGATE

We are sorry to see a good and conservative paper like the Oakland Tribune slop over on the canal tolls repeal, a la William Randolph Hearst and others of the jingo ilk. The Tribune has slipped a cog in that matter, something it rarely does. Also sorry to see as good a man as Congressman Joe Knowland get up and make such a loud howl over it. In Knowland it may possibly be excused on the plea that he has recently announced his candidacy for the United States senate and is casting around for most anything that may possibly have a tendency to get him votes, but we can think of no reason for the Tribune advocating this great country breaking its pledged word, unless, being Republican and seeing its campaign thunder as such fading away as a dream, it clings to anything that might have a tendency to become popular and offer an excuse for being against the Wilson administration.

There is no reason on earth why the shipping trust, one of the worst trusts there is extant, should not pay for the use of the canal, the same as anybody else does, and our treaty obligations are sufficient reason why it should. If this country wants to grant a ship subsidy, that is altogether another thing, but if so it should not be obscured by sliding it through under the guise of intense patriotism. We know of nothing and nobody having less patriotic than the shipping trust.

Let us draw the deadly parallel. We are now about to build a railroad in Alaska. Railroads in a sparcely settled country where there is little freight and few passengers are considered hazardous property. In this case the expectation is that the road will develop the traffic as it develops the territory it traverses. In other words, Uncle Sam is willing to invest forty million dollars in the future of Alaska. But if it shall turn out that, after the Alaskan railroad is completed, there shall be raised throughout the country a hullaballoo propaganda in favor of granting the use of the railroad without charge to "coastwise shippers," the prophets will be hired not by Uncle Sam but by the special interests who shall be awarded the facilities without price. Of course it may be contended that such a propaganda would be preposterous, and that there could be no chance for its being formed into law, but why not? There seems to be quite a large element in the United States, including the remnant of the Republican party, which insists that the Panama canal, built by Uncle Sam at a cost of half a billion dollars, shall be gratis to "coastwise shippers."

If the canal, why not the railroad? Cinsistency is great stuff. It is a jewel—a regular moss agate.

PUT THE ARMY TO WORK

A bill to put the United States army and navy at work on public construction projects has been introduced in Congress by Representative Bailey, of Pennsylvania. It provides in sweeping terms for the utilization of men serving under the colors in the construction of Alaskan railroads, drainage of lands, reclamation of arid plains, construction of levees and highways and the improvement of rivers and harbors, at the direction of the President.

This looks very much like a move in the right direction, for in times of peace the thousands upon thousands of men in both the army and navy have nothing to do but camp duty and drilling, while it costs the United States government annually about $300,000,000 to maintain them. If these men are set to work upon public improvements authorized by congress a vast saving will be effected and it will be much better for the men than loafing most of their lives.

We married into the Scotch race, and have to be careful about remarks, but just the same that band of bagpipes that Harry Lauder is agitating the atmosphere with don't sound like music to our untrained ears. Seems like an Indian tom-tom, a Chinese whangdoodle, a shoat tied to a rail fence, or even a phonograph could not sound much worse.

THE BALLOT AND POLITENESS

One writer who is against woman suffrage says: "We are of the opinion that when women get equal suffrage it will cause the men to lose that chivalry which makes them stand up in the street car, as women will then be looked upon in the same category that one man sees another."

It is not that way in Colorado and California. If a man ever refuses to show deference to a woman because she votes it will show how thin a veneer his politeness is. That kind of a man ought to begin practicing now by refusing to surrender his street car seat to a woman because she pays taxes. She is in as much danger of getting the bloom of her modesty brushed off at the tax collector's window as at the ballot box.

SPRINGTIME DOPE

We would not dare to write about this spring,
Nor of the birds as harbingers of joy,
Or bay breeze that to the fields decoy,
Nor any other semi-chestnut thing.

We shall not warble ditties to the bud
That's pushing out its pointed nose to smell
If leafing time has come again to dwell
Within the glades where cowslips chew their cud.

We would not risk our good old Smith-Premier
Unbridled in such mushiness of stuff.
To poetize in any season's bad enough:
But this would make a dead man shed a tear.

And Chet. Rowell still thinks he is running for the U. S. Senate. If he is doing any running it must be because of influenza.

A southern editor says he is authority on potlicker, hog jowls and turnip greens, but knows very little about grand opera. There are others.

A new brand of politics has shown up in Texas. It is called "Prohibition Progressive Democracy." It may be all right, but it don't sound just right.

The doctors are not cutting out so many appendix as they were awhile back, but they frequently cut out the auto a fellow has planned to get.

Joseph H. Choate, one of the country's ablest lawyers and who aided in the negotiations of the present Hays-Paunceforte treaty, says that President Wilson is absolutely right on the canal tolls proposition.

Of course, most of the senuous sweetness that now burdens the salt-laden breezes of the bay is from the odors of honeysuckle, hyacinths, poppies, violets and roses, but not all. There is a husky crop of several hundred carloads of onions around here beginning to get busy with the breath of the average citizen, which helps some.

Having reduced the tariff tax, made the rich come forward with an income tax to lighten the burden of the poor, President Wilson is now at work on a trust program that will give those who toil and produce a chance. Such precedents were established by Christ, who lashed the money-changers from the temple.

There is considerable howl for an uplift of the stage. That is one of the biggest jobs ever tackled, for the stage, like the newspaper, is largely a reflection of what the people demand. About the only thing being uplifted on the stage now days is the feet and legs of the actresses, and they can't go any higher.

A course of study of the liquor problem is to be added to the regular curriculum of the Kansas State University, and is to be in the department of biology. Why biology? Men obtain their knowledge of liquor while sowing their wild oats, and this would seem to be in the department of agriculture. Also, it sometimes leads to bugology.

30,000 VOICES!

And Many Are The Voices Of Richmond People

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Richmond people are in this chorus. Here's a Richmond case:

Mrs. M. E. Stubblefield, 534 Ripley Ave., Richmond, Cal., says: "Two of my family have used Doan's Kidney Pills and in both cases the best of results were had. One of the family suffered from attacks of backache and often felt too sick to run down to do any housework. Doan's Kidney Pills cured this case. Recently, I gave Doan's Kidney Pills to one of my relatives who had weak kidneys and couldn't control the kidney secretions. It wasn't long before this weakness went away. I strongly recommend Doan's Kidney Pills to all sufferers from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

GOVERNMENT IS BIDDING FOR BUSINESS

The government is making a bid for business for its parcel post department, according to a circular received from the third assistant postmaster general by Postmaster Sam Jenkins today. Particular stress is placed by the postoffice authorities on the manner of preparing packages for shipment.

Here is the letter:

POSTOFFICE DEPARTMENT

Third Assistant Postmaster General

Washington, March 26, '14.

Postmaster, Richmond California:

It has come to the attention of the Department that many possible patrons of the parcel post service are not familiar with its advantages, especially as extended by the reduced postage rates and increased limit of weight, effective January 1, 1914, and other modifications recently made for the purpose of promoting the service to the public. You are requested, therefore, to make every possible effort to acquaint your patrons with such changes, as well as the insurance and C. O. D. features and other advantages of the parcel post service, giving particular prominence to the fact that under paragraph 5, amended section 456, and paragraph 7, amended section 463, Postal Laws and Regulations, the regular parcel post rates now apply to parcels weighing more than eight ounces containing books and to parcels of miscellaneous printed matter weighing more than four pounds. It is desired that these features, particularly the latter, be brought to the attention of the patrons of your office likely to have matter of this character for transmission, the advantages of using the parcel post service for such shipments being pointed out by interview, or any other possible means, without expense to the postal service. At the same time publicity should be given the recent departmental orders providing for the attaching of communications prepaid at the first-class rate to parcels of fourth-class matter prepaid at the rate for the latter class, and putting into effect the provisions of the Act of March 9, 1914, extending the regular parcel post rates to seeds, plants, etc.

It is also highly important that the necessity for properly preparing, addressing, and wrapping matter for mailing be impressed upon patrons, since the observance of these conditions are absolutely essential in order that the service may prove satisfactory. In this connection you are informed that proprietary articles of merchandise, such as harmless medical preparations, soaps, food products, etc., put up by the manufacturer in fixed quantities in original sealed packages so as to allow examination of the packages in their simplest mercantile form and labeled so as to show the nature of contents, quantity, and name of the manufacturer, in accordance with the provisions of paragraph 5, section 469, Postal Laws and Regulations, are mailable at the fourth-class rates of postage. If such sealed packages are inclosed in an outer wrapper, the latter must not be sealed.

Your earnest co-operation is requested in giving publicity to the various features herein referred to, as well as to such other changes and improvements as are made from time to time, with a view to increasing the use of the parcel post service as a means of bringing the producer and consumer into closer contact.

A. M. DOHENY.
Third Assistant Postmaster General

CONVICT HIDES HERE FOR SOME TIME IS CAUGHT

OAKLAND, March 31. — George Miller, alias Albert Davis, who escaped from the chain gang in 1910, after serving five days of a six months' sentence for petit larceny, was brought back to Oakland this morning by Inspector Harry Green to finish serving out his sentence. After his escape, Miller says he went to Richmond, where he obtained work as cook. Later he worked in San Francisco, then came back to this city and worked here unnoticed for several months. He then went to Los Angeles, where he served a term for petit larceny. He then went to Santa Ana, where he again stole and was sentenced to 90 days' imprisonment. It was through the exchange of photographs with Santa Ana, Los Angeles not exchanging police photographs, that the local department located Miller.

INJUNCTION IS HEARD BY COURT

MARTINEZ, March 31.—A battery of notable attorneys was engaged yesterday of the injunction proceedings brought against Treasurer Vaughn of Richmond by the Santa Fe to enjoin the sale of property on Ashland avenue for street improvement liens before Superior Judge J. E. Barber sitting in extra session of the superior court.

Attorney M. W. Reid from Los Angeles, the railway's attorney in that city, and Lee D. Windrem of Richmond are for the plaintiff while former Attorney General W. H. H. Hart and D. J. Hall appear for the terminal town.

The case was not concluded and will propably go over a few days.

When the record for longevity is finally established, it probably will be held by a lawsuit.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "Dosing" Rheumatism.

It's pain only, not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops neuralgia, lumbago, backache, sciatica. Limber up! Get a 25 cent bottle of old-time honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pain, ache and stiffness. Don't suffer! Rub rheumatism away.

WOODMEN RALLY TO BE HELD AT BAY POINT

The district rally of the Modern Woodmen which is to be held at Bay Point tomorrow afternoon promises to be one of the biggest held by the members of that order for many years. Although only the lodges in this county are to be in attendance at the rally it is expected that Bay Point Camp will be host to more than 200 delegates.

Those who will attend the district convention from El Cerrito Camp are J. Bottom, C. B. Evans, Frank Tiller, and A. O. Bennett.

MEJIA GIVES UP POSTAL WORK

Al. Mejia, who has had the contract for delivering the mail from the railroad stations in this city to the main branch postoffice, and sent in his resignation to the government recently, steps down and out tomorrow and other parties will have the job of hauling the mail sacks to the distributing centers.

It is said that ten or twelve bids have been received by the department but the successful one's name has not been made public. The contract will be handled through an emergency provision by the local postmaster until the contract is formally awarded.

S. E. Wier, well known Santa Fe brakeman, will leave tomorrow evening for a ten-day trip to his former home at Phoenix, Arizona. Wier, while in the cactus country intends to spend several days at Grand Canyon.

Attorney Ralph Jones was a visitor from the county seat today.

"SHE'S THE GIRL THAT GOES TO CHERRY'S FOR HER CLOTHES"

"That's Rosalie, Mrs. White, sitting next the aisle. The difference between her appearance and that of the girl she is sitting with is startling, isn't it?"

"I should say it is! That little silk dress is charming. And did you notice her Balmacaan coat she came in? Such a becoming shade and made so stylishly!"

"Yes, Rosalie is always beautifully dressed—and she's not a rich girl, either, though she has splendid taste. I dare say she has no more money to spend on clothes than any of the girls with her—and, there's not one of them but looks dowdy beside Rosalie.

"Rosalie buys her clothes ON CREDIT, just as my daughter and I do. Cherry's is certainly the ideal credit store in this city— I don't know what I'd do without it.

"And Cherry's store is so beautiful and so completely filled with exquisite things to wear that it's a delight to go up there, and just a few dollars at first, small payments each week or month is the Credit System at Cherry's."

"You know, Cherry's have two stores in Oakland. The ladies' store is at 515 13th St., and just across at 528 13th St. is their exclusive men's store. At 1009 Market St. and 2400 Mission St. in San Francisco they have stores for both men and women. Los Angeles address is 636 S. Broadway." Advt.

CITY COUNCIL HAS A BUSY SESSION

(Continued from Page 1)

A communication was also read from the Oakland City Planning exhibit thanking the city council for the part taken by this municipality in the recent planning show held in Oakland. The letter also expressed thanks for a check for the sum of $300 being Richmond's donation to the exhibit.

Engineer Recommends

City Engineer Chapman recommended to the council last evening that R. A. Woods be appointed as sewer inspector on the Fred Meyers contract and that T. A. Moore be appointed inspector on the sewer contract on Main, Soito and Castro streets. The contract is held by Wm. Heafey. Engineer Chapman also recommended to the board that E. F. Lippert be employed on the force of the city engineering department at $100 per month. The matter was referred to the street committee for a report.

Urges that Harbor Start

H. W. Wernse, secretary of the Richmond Industrial commission was present at the meeting of the city council last evening and urged that the initial work on the harbor be started at once. Mr. Wernse maintained that no matter how much money was to be expended the government is behind the project and work should be under way by the time the committee of river and harbors and army and navy engineers, who are to visit Richmond this summer, arrive. Engineer Posey, of the firm of Haviland, Dozier & Tibbitts, was on hand and explained to the council that preparatory plans had been started for the initial work on the inner harbor. The city clerk was instructed to forward a letter expressing the thanks of the city council to Congressman C. F. Curry for the energetic manner in which he had worked for the inner harbor appropriation.

To Adjust Rights of Way

In the matter of rights of way over the property leased from the Santa Fe company by J. F. Carey, City Attorney Hall was instructed to enter into a stipulation with Carey for a right of way over a strip of land needed for the approaches to the western end of the municipal tunnel. As soon as the stipulation is signed work on the western end of the tunnel will begin at once. The amount to be paid Carey will be settled by a condemnation suit now pending in the superior court of this county.

Name Commissioners

W. S. McRacken, V. A. Fenner and J. Q. Black were named by the council commissioners for the extension of Scenic avenue to a point south of the municipal tunnel. They will enter upon their duties immediately as it is the desire of the board to rush the matter through.

Liquor Applications

M. B. Lent presented a petition asking for a transfer of a liquor license held by Henry Van Curren for the United States saloon on Standard avenue. Thomas Smith asked that the license formerly held by James Day for the Mug Saloon near the Standard Oil refinery be changed to the Pullman Hotel at Pullman. Both applications will take their usual course. The license at the Pullman hotel recently lapsed on account of being closed by the sheriff under a writ of execution issued out of the superior court.

To Pave One Block

April 13th was set as the date for opening bids for the paving of one block on Ninth street south of Chanelor avenue.

Opening of Bids Goes Over

So that grade on Cutting boulevard from the Southern Pacific crossing may be lowered the setting of the date for the opening of bids for the paving of Cutting boulevard with bitulithic pavement went over one week.

Settle Phone Complaint

Councilman Picton filed a report to the effect that there is no justice in the complaint of a few phone users in the annexed district over phone connections with the Richmond exchange. It is said that the Stege residents may connect with either the Berkeley or Richmond exchanges.

Commissioners Get Time

In the matter of the Tenth street widening the commissioners were given a week's time in which to file their report.

Let Sidewalk Contract

J. B. Smith, bidding 12¢ a square foot was awarded the contract to lay a cement sidewalk in front of Janice Park, Washington and Nicholl avenues. A. M. Coleman bid 12 1-2¢ per square foot.

Recommend Light

The light committee recommended that an arc light be placed at the corner of Eighth and Virginia streets in accordance with a petition heretofore filed with the board signed by property owners residing in the neighborhood.

In the matter of the petition for an arc light on Bay avenue, between Felton avenue and the Santa Fe railroad the light committee asked for another week's time in which to investigate the wishes of the residents of that neighborhood.

Work Ordered

Resolution ordering work on Ninth street, from Chanslor to Santa Fe avenues was adopted by the council as read.

Resolution adopting plans and specifications for the improvement of Cutting boulevard, from Pullman avenue to the city limits was referred back to the city engineer and city attorney.

Wants Rink License

Kerby Floyd applied to the council for a permit to conduct a skating rink on the west side of Eighth street, between Bissell and Macdonald avenue. His request was referred to the building committee for a report at the next meeting of the council.

Extension Granted

The application of J. J. Davis for an extension of 60 days on his contract for the improvement of Thirteenth street, from Chanslor avenue to the Santa Fe railroad was granted.

No Popcorn Wagon

The application of Ed. P. Hadley for a permit to maintain a popcorn wagon near the Schwartz pool hall on Macdonald avenue was denied.

Fly Traps Purchased

The health department was authorized to purchase 75 Dunlap fly traps at $1.75 each for the purpose of inaugurating a fly catching campaign in this city. The traps will be painted red and numbered.

NOTICE OF IMPROVEMENT INVITING PROPOSALS THEREFOR

Pursuant to Statute and to Resolution Ordering Work No. 196-2, of the Council of the City of Richmond, adopted March 30, 1914, directing this notice, NOTICE IS HEREBY GIVEN that for the following described Street Work, ordered by said Council, and to be done according to the Specifications No. 196-2, posted, and on file in my office, and therefor adopted by said Council on the 9th day of March, 1914, by Resolution adopting Plans, etc., No. 196-2, to which reference for particulars is hereby made, namely:

That Ninth Street from the southerly line of Chanslor Avenue to the northerly line of the right of way of the Oakland Branch of the Atchison, Topeka & Santa Fe Railway be graded to its full width to the official lines, grades and specifications, paved with bitulithic pavement consisting of a four (4) inch broken rock bituminous base, a two inch bitulithic wearing surface with a bitulithic flush coat, and guttered, curbed, and sidewalked with cement concrete.

Excepting therefrom any of the above work required by law to be kept in order or repair by any person or corporation having railroad tracks thereon, and further excepting any of said work now in to the official lines, grades, and specifications.

Reference is hereby made to Patent License Agreement of Warren Brothers Company, dated May 7, 1913, now on file in the office of the City Clerk of the City of Richmond.

All the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of said Council held on the 9th day of March, 1914, and numbered 196-2, now on file in the office of the City Clerk of the City of Richmond, reference thereto being especially made.

That said city Council under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911 and known as the "Improvement Act of 1911," determines and declares that serial bonds be issued to represent the cost of said proposed improvements; said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of twenty-five dollars ($25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

Sealed proposals are hereby invited to be filed in the office of the undersigned, City Clerk of said City, on or before 8 o'clock P. M. Monday, April 13th, 1914.

Bidders must file with each proposal a Check, certified by a responsible Bank, payable to the order of the City of Richmond, for an amount which shall not be less than ten per cent of the aggregate of said proposal, or a Bond for said amount, payable as aforesaid, signed by the bidder and by two sureties, who shall justify, before an officer authorized to administer an oath, in double the said amount, over and above all Statutory exemptions. Bids received as above will be opened at 8:30 P. M. of said last named day.

Dated at the Clerk's office, City of Richmond, this 31st day of March, 1914.

CONTRA COSTA REPRESENTED AT MEETING

STOCKTON, March 31. — There was a largely attended gathering of the state and county officers of the Christian Endeavor workers of this section held here yesterday at Y. M. C. A. hall and the First Presbyterian church of Richmond.

J. E. Norton, county president of the Contra Costa Association and Professor Edson D. Hale of Martinez, superintendent of the Junior work in that county were in attendance at the gathering.

It was an officers' conference regarding the extension of the society's work and many of those notable in the organization's activities entered into the discussion of the plans.

LANE TO ATTEND STATE CONVENTION

At an adjourned meeting of Richmond Parlor, N. S. G. W., held in Sequoia hall last evening, W. J. Lane was elected as delegate to the grand officers' convention which is to convene in Los Angeles during the coming month.

The race for the one delegate narrowed down to W. J. Lane and Frank Patterson, Bryon Erwin withdrawing.

Puking elections all over the land,
Making voters all Moses,
Who by counting of noses,

REALTY OPERATOR LEAVES FOR NORTH

Daniel Barton, the well known realty operator, left at an early hour yesterday for Sonora, where he intends to spend several weeks looking over a large acreage deal.

From Sonora it is the intention of Barton to go on a realty inspection tour throughout the northern part of the state.

OFFICER M'GOWAN IS AGAIN ON THE JOB

Again the smiling face of Officer J. O. McGowan may be seen on Macdonald avenue following his recent operation which kept him confined to his home for several days.

"Mac" says that he feels great following the loss of his tonsils which caused him no end of pain during the past few months.

CIRCUS MAN WAS VISITOR IN RICHMOND

A love of the "big top" with its waving banners, the "pad room" and the great, yellowed interiod of the circus; a love of the romance of it and the glitter and the glamor, resulted in a visit to this city has morning of an author who has contributed to nearly forty magazines and motion picture companies.

Courtney Ryley Cooper is his name and besides being a member of the Authors' League of America and a consulting editor of the Photoplay Clearing House of New York, he is the press agent of the Sells-Floto Circus and Buffalo Bill (himself), which is to play a one day's engagement here Sunday, April 19.

Incidentally there is a reason for the press agent's affection for the atmosphere of the "white tops."

"When I was a boy in Kansas City I ran away from school and became a clown in a circus for one whole summer," Mr. Cooper explained, "and once you follow the elephants away, you're inoculated. When spring comes you want to hear the bands and see the spangles and—

"But speaking of spangles and that sort of thing, have you looked over the list of features for the Sells-Floto-Buffalo Bill combination? First of all, of course, comes Buffalo Bill (himself), who will present an entirely new spectacle, entitled "Warpath" in which his Indians, his cowboys, his riders, his ropers, and his wranglers will depict the growth of civilization from the frontier days until the present time. And in addition there'll be more circus acts than ever before.

"And just as a means of cinching that argument here's a reason. The usual circus has three rings and two stages, hasn't it? The Sells-Floto-Buffalo Bill aggregation will have two stages, two arenas and three rings. That means there must be practically one-third more acts this year than the ordinary circus. Why, our canvas when it's all stretched out covers eleven acres, and in the big tent is a seating capacity for 14,000 persons.

"As regards the individual acts," Mr. Cooper said enthusiastically, "we have Zora, known as the 'bravest woman in the world' with her three great herds of performing elephants; the Waites, Australian whip crackers; Capt. Dutch Recardo, the man who tames lions with a buggy whip; the famous Stickney and Hobson families of riders; a whole congress of equistriennes and all of 'em pretty; aerialists, gymnasts, acrobats, riders, menage acts, Omar the balloon horse; Grego the pony that walks a tight rope; Prof. Karl L. King and his famous concert band of sixty-three pieces; the Vocalina, a new invention in musicdom; Berni's Giant Serenadom, a menagerie that cost a fortune; the Horse Fair, and —and—well, there's more than I can remember.

"But there's one thing more that must not be forgotten. We've got forty of the funniest clowns that ever put grease paint on their faces. That's the truth—forty of 'em.

"A parade? Certainly. At 10:30 o'clock the morning of the show with all the cages open, with the United States government Hyneys on view, with the clowns tumbling here and there and with all the nine bands and the Giant Serenadum playing their loudest. The two-mile-long spectacle will be held by Buffalo Bill (himself), America's best beloved citizen, as a special honor to this city. Later Colonel Cody will hold a reception for children at the show grounds. And, by the way, the price of the show this year is as low as ever, 25 cents.

Some times it occurs to this humble citizen that the biggest snobs are in the littlest towns.

STOLEN ARTICLES RECOVERED BY CHIEF ARNOLD

Chief of Police Arnold returned at a late hour last evening from Sacramento where he had gone to recover a quantity of jewelry disposed of to pawnshop dealers in that city several weeks ago by a former Richmond man.

As a result of his search Chief Arnold managed to secure $800 worth of jewelry taken. No warrant has as yet been made out for the arrest of the young man who the police are shadowing.

Mrs. David Hopkins left yesterday afternoon for Los Angeles, where she will spend several days with friends and relatives.

Game Law Campaign Has Been Started

SAN FRANCISCO, March 31. — A campaign for the conservation of fish and game in California, so that it will be saved for the enjoyment of all the people of the state and not merely for the rod or gun of the sportsmen, has been commenced by the People's Fish and Game Protective Association.

"Fish and game for food," is the principle upon which this campaign is based.

The initiative is the medium through which the association will seek to accomplish genuine preservation of the fish and game on a basis that will guarantee a fair and equitable distribution.

"No special privileges; equality to all," is the motto of the association. Its member have found that fish and game laws are largely dictated by sportsmen in the Legislature, and that those laws have been so shaped as to defend all the privileges of the sportsmen, with little or no regard to the privileges of the people who do not fish and hunt.

Markets to Receive Game

Under its programme California's streams and waterways, its fields, marshes and forests will not be depleted of their fish and game, but, while the game will be conserved with unflagging zeal, the public markets will receive the game, and any citizen, sportsman or non-sportsman can eat wild duck, venison, quail and trout.

The theory of proper conservation is based on these three principles:

"Game is food.

"By the preservation of game is not meant what the Fish and Game Commission means when it says that it is to be enjoyed only by those who hunt, but it is limiting the killing and allowing whatever is legally killed to be sold for eating.

"Conservation can best be maintained by the establishment of preserves in each of the seven game districts where game will be protected and permitted to breed all the year and shot only after it leaves the preserve."

No Baiting of Ponds

One of the most essential of the conservation features is the plan to forbid the baiting of duck ponds with tons of grain. Such a measure was defeated in the last legislature by the sportsmen.

The ducks so gorge themselves on the grain that it is almost impossible to drive them away from the grain-baited ponds, and they are slaughtered.

F. M. Bailey, secretary of the association, in pointing out the principal points of the association's programme, said yesterday:

"First of all, our initiative measure will provide for greater conservation, because every one, no matter what his interest, wants the supply of fish and game to increase, or at least be kept from diminishing.

For All the People

"We want to have all the people get the game by permitting its sale. We want to abolish the law which allows a market, a restaurant or a hotel to have only twenty-five ducks in its place a day. This is unjust. It means that if a man brings twenty-five ducks into a hotel to put on the ice the hotel cannot have any ducks of its own to serve its patrons.

"Our initiative will superside the non-sale-of-game bill passed by the last legislature, which is now on a referendum before the people."

Among the proposed changes are:

To reduce the limit of twenty a day on snipe, plover and curlew to ten a day.

To reduce the limit of twenty a day on desert and valley quail to fifteen a day.

To close the season on rail, grouse and sagehens for five years.

So that there will be no slaughter of game by market hunters, it is planned to place all sale under some such careful restrictions as now apply to the sale of domestically reared wild game.

Tags for Deer Shipped

In the case of venison, the plan is to issue two tags each season wit each hunting license, one of these tags to be placed on and accompany any deer which may be offered for sale or transportation. This will insure that no market hunter will sell more than two deer a season, the present limit.

One of the greatest abuses in fishing which it is intended shall be remedied is the repeal of the law forbidding the use of trammel nets.

Trawls are now permitted, and trawls are nets so expensive to buy and operate that only the big commercial fishing companies use them. The smaller fishermen, forbidden the use of a trammel, is shut out, and the big companies, through their trust, keep up the price of fish, a burden borne by the public.

If the small trammel nets are once more restored to the use of the small fisherman, he can compete against the trust companies, and San Francisco will enjoy once more an abundant and inexpensive supply of sea food.

OAKLAND ORPHEUM PACKED YESTERDAY

Fritzi Scheff scored a great personal triumph at the Oakland Orpheum yesterday. The house was packed with the great throng drawn by the magic of her name. She is so famous an artist that it is easy to understand the curiosity on the part of the public to see her in vaudeville. Those who used to fight for the privilege of paying $2.00 to witness her in musical comedy now are keen to see her again at vaudeville prices, and those who have heard of her name but never watched her on the stage are seemingly equally curious. The result is big crowds and great curiosity, all swelling the triumph of the little Viennese Prima Donna.

Her charm is irresistable. She sings four orfive numbers, beautifully gowned and with only a grand piano on the stage for a back ground, and yet so potent is her personality that she keeps the audience quite breathless while she warbles her operatic bits. The applause, of course, is tremendous for Fritzi Scheff must be applauded according to tradition and also because everybody in the house apparently feels like doing that.

The Orpheum has another big drawing card this week in the wonderful pictures of the dances performed by Mr. and Mrs. Vernon Castle. These danceds have been perhaps the most successful of all the society dancers in New York and are really the sensation in the east. Thousands of dancing enthusiasts around the bay will no doubt flock to see the pictures that show Mr. and Mrs. Castle in action in theid different dancing bits.

The remainder of the new vaudeville show which is completely new throughout has the usual snap, spice and sparkle of all typical Orpheum programs. Matilda and Elvira are novelty dancers from Europe who pleased the throngs yesterday.

Parillo & Frabito are street singers and instrumentalists of considerable class.

Mindel Kingston and George Ebner shored a big solid success with a pot pourri of songs and comedy chatter which they call a "Vaudeville Flirtation."

Shirley Rivers with a Company produces a classy bit of musical comedy.

Kauffman Brothers in tuneful nonsense and Edward Gillette with a wonderful monkey act round out the big show.

Some scoundrel of a man has arisen to say that morbid, morose, melancholy and married are synonyms.

MOONEY TRIAL COMMENCED THIS MORNING AT MARTINEZ

MARTINEZ, March 31.—Superior Judge J. E. Barber of Shasta county presided aver the trial commencing this morning of Thos. J. Mooney, one of the three men who are charged with having explosives in their possession when arrested by the Richmond police while landing from the boat which it is alleged contained the incriminating cargo.

Mooney will be defended by Maxwell McNutt, former assistant district attorney of San Francisco and at one time a law partner of Supreme Justice Sloss, Henry B. Lister, an acknowledged constitutional authority and Assemblyman Thomas Ormsby, former Assemblyman M. R. Jones of Martinez and J. J. Barrett Assistant District Attorney A. S. D. Johnston of Richmond.

The prosecution will be urged by Pacific Gas and Electric company of San Francisco. In this case the has retained the two last named to prosecute the defendant on the ground that he and his comrades were involved in outrages upon the company's property during the time of the strike.

It is probable that several days will be consumed in securing a jury, for while the regular venire has been summoned a number have furnished excuses for exemption for duty and others are ineligible.

The following are named to appear for duty today. Peter Garrity, J. O. Hale, L. W. Baldwin, E. B. Evans, Henry Sirrenberg, Ernest N. Smith, Ernest C. Kline, R. W. Nash, John Desmond, Thos. Rogers, H. W. Marnes, Joseph Talken, H. M. Buckley, R. Stegeman, R. Gillogley, Thomas Jones, Nelson Clanton, Henry E. Brown, Sylvester Olofson, Frank W. Beach and Frank J. Dutra, Stephen C. Cleaves, George B. Marshall, Martin Judy, Henry Baker.

ANCIENT SKULL IS UNEARTHED

CONCORD, March 31.—A link in the great evolutinoary chain connecting modern man with his gorilla-like ancestors of prehistoric centuries has been unearthed in the ancient burial ground near here by William Altmann, assistant curator of the Golden Gate Park Memorial Museum of this city.

The link is in the form of a skull which, while bearing the form and possessing the main characteristics of the present day man, bears also the stamp of the prehistoric caveman and his immediate ancestor, the great gorilla.

The skull is in a perfect state of preservation with the exception of a few missing teeth. The upper jaw projects an inch and a half. The brow is decidedly low there being practically no forehead. A heavy ridge, similar to that found in the skull of gorillas, extends across the top of the face above the eyes as in the girollas, but it is not quite so heavy is in the animal.

The position of the paw and teeth, which are badly worn on their ends, showing distinctly that they were used considerably by their prehistoric owner gives evidence that the lower jaw, which was not found by Altmann, must have projected forward much in the same manner as the lower jaw of a prize English bulldog. The skull i sunusually thick and the upper jaw heavy. From the appearance of the eye sockets and the nose space, the nose must have been broad and flat. While there is practically no forehead, the rear portion of the skull is almost as well developed as in the skull of modern man.

The age of the find is problematical. It may range anywhere from a few centuries to thousands of years That it is not a freak or deformed skull Altmann is positive. The position of the teeth, the thickness of the skull and the strength of the jaw all proclaim the prehistoric and semi-animal origin.

The skull was found resting in thick yellow soil at the bottom of a high and ver yancient Indian shellmound about a mile and a half north of Concord on the property of the Port Costa Water company. No other skeleton matter was found near the skull. Near it was a cone-shaped stone weapon of queer design. Altmann intends submitting his find to the University of California today.

NOTICE TO WAR VETERANS

In order to obtain exemption of assessment of property as Veteran of the wars of the United States as provided in Section 1 1-4 of Article XIII of the Constitution of the State of California, it will be necessary to apply in person at the County Assessor's Office, Martinez, Cal., before the 20th day of March, 1914, (and each year thereafter) and swear to the proper Affidavit of Exemption. In making this application it will be necessary to present your honorable discharge. The applicant shall be entitled to exemption only on property within the County in which he or she is a resident: EXCEPT in those cases, where the value of the applicant's property is less than $1000. NATIONAL BREAD FOR ALL PURPOSES

"Hello, Eddlemon, say, we're so well satisfied with your bread and pasteries at home that I am going to give an order for our social banquet that comes off in a short time. We'll have the list of what we need made out tomorrow and I'll bring it down to your store at the corner of 9th street and Nevin avenue."

"Say, Earl, it would do you good to see my kids go after your bread—with good butter, they'll make a whole meal of it." Advt

COUNTY EXHIBIT AT SAN FRANCISCO

John Bermingham, World's Fair Commissioner for Contra Costa county, has been at work for six months past gathering up an exhibit for this county to be placed at the Panama Pacific Exposition, and has quite a lot of very handsome displays already accumulated. This he has been placing in the Chamber of Commerce building in Oakland for safe keeping until such time as the big show opens in 1914. Editor Hulaniski of this paper appeared before the Board of County Supervisors Monday and asked the board and Mr. Bermingham, their commissioner, to allow him to move the exhibit to San Francisco and put it in with the other similar things he is gathering up for his Richmond-Contra Costa County Exhibit to be installed in the Lick building, ground floor, 37 Montgomery street, explaining that this exhibit of the county might as well be working and doing good during the time between now and the time of the opening of the Panama Pacific Exposition, and that hundreds of thousands of people could see it between now and then if placed with the other exhibit, instead of having it where it could do but small comparative good.

The supervisors and Mr. Birmingham all agreed that the plan advocated by Mr. Hulaniski was a good one, and further agreed that if the insurance company now carrying the insurance upon the exhibit did not object to the move they would give permission to move it at once.

EXPRESS COMPANIES STILL PROSPERING

NEW YORK, March 31.—Popular belief that the parcel post has left the big express companies in hard straits was contradicted today by news that the American Express company would erect a $2,000,000 office building on lower Broadway. The building is to be thirty-two stories and is to have a frontage of eighty feet on Broadway. It will run through the block to Trinity Place, and adjoin the newly completed building of the Adams Express company. The site now occupied by two five-story buildings tenanted by the American Express company is estimated to be worth $2,500,000. The express company will reserve ten floors for its own use.

ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD—CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

COMMISSION MAKING BID FOR INDUSTRIAL CONCERNS

This year's campaign for factories being carried on by the Richmond Industrial Commission is one of the most aggressive in the history of that organization. It is hoped that it will bear some substantial results.

Large display advertisements are being inserted in the Eastern papers at great expense, calling the attention to Richmond's remarkable features and its superior advantages as a manufacturing location. This city has already been so well advertised on the Pacific coast as a factory location by the Industrial Commission, that pretty nearly every person or company that wishes a location considers Richmond.

The giant valve plant proposition which was taken up by the Industrial Commission last Friday looks like a proposition that would materialize. It has been indorsed by the factory committee, together with other propositions of absolute merit. Among the conservative business men that have out their O. K. on the valve proposition are E. M. Downer, Harry Ells and Claude Gignoux.

Herbert F. Brown is the chairman of the Industrial Commission factory committee. C. M. Brewer, manager of the Western States Gas and Electric Company, has been added as a member by President Geo. S. Wall. The other members are Harry Ells, John J. McEwen, Harry Ells, A. Johnston and H. W. Wernse. This committee will take all factory propositions now before the commission and decide definitely what can be done with them. There are a large number to be considered, among them being a few of much importance. There are three San Francisco plants of large size that are dealing with the committee and to many in time be induced to move to Richmond.

One plan of the Industrial Commission is toorganize a corporation of $100,000 for the judicious financing of meritorious manufacturing propositions. Help is needed from the citizens of Richmond in general to carry this to success. Stock in such a corporation, it is believed, could be made to pay handsomely, as only those propositions which are reasonably certain of making profits would be taken up, and the money advanced to assist them would represent stock.

JOHN NICHOLL NOW OWNS OKLAHOMA OIL WELLS

John Nicholl, who arrived in Richmond at a late hour yesterday afternoon ,paid his first official visit to the Municipal tunnel site today and was greatly surprised at the vast amount of work that has been accomplished the short while that he was away.

In an interview with a Record-Herald reporter Nicholl stated that while on his return from Washington he stopped off for a few days in Oklahoma, where he purchased some oil land which he intends to work during the year.

Nicholl stated that the wells in the vicinity of his land is at the present time supplying 60 per cent of the world's oil which speaks very high for "John's" wells.

NEW CLUE MAY HELP CHIEF LOCATE RING

Chief of Police Arnold received a message at a late hour today from Sacramento stating that further clues had been unearthed which may lead to the locating of a $1000 pearl ring stolen here several weeks ago.

The chief will leave either this evening or early tomorrow morning for Sacramento where he will work in conjunction with the Capital City authorities in an effort to locate the ring.

NEW LAND COMPANY FILES ARTICLES

MARTINEZ, March 31.—Articles of incorporation of the Downer Land Company were filed in this city on Monday. The company is capitalized for $200,000 and the incorporators are E. M. Downer, A. Greenfield, E. D. Armstrong and L. E. Hart of Pinole, H. Schapiro of San Francisco and J. E. Bouquet and F. A. Casciani, both of Oakland.

This company consists of the same body of men who recently purchased the 100-acre tract at the foot of Macdonald avenue and which faces San Pablo. H. A. Johnston stated yesterday that the subdividing will commence at once.

Judging from their talk, some people never get their backs warm.

An aggressive man is bad enough but there are women of that kind.

HOTEL FIRE DOES VERY LITTLE DAMAGE

An exploding oil stove caused a small fire in the Tuscano hotel at 234 Standard avenue at an early hour today, the loss from which was very nominal.

The members of Fire company No. 1 were called out to the scene of the fire but the blaze was soon extinguished with the aid of chemicals.

GLASS OF SALTS CLEANS KIDNEYS

If your back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. —Advt.

Richmond Should Join County League

The question of being an outlaw or affiliating with the Contra Costa Baseball League is the matter that is racking the baseball brains of Manager "Rigeley" Greathouse of the local team.

Should the Richmond team join the present county league it would mean that the fans and merchants would not have to get behind the project and boost the locals along. The present state of affairs is proving a bore to many of the fans in that as soon as the big brush seasons open many of the fast teams now wintering around here would leave thereby pitting the locals against only amateur bay county talent. On the other hand if the Richmond team could squeeze into the county league the local fans would always be kept on edge keeping tab on the standing of the Richmond nine.

In the Contra Costa Baseball league is some of the best material ever banded together so that a fast game would always be on tap for the fans and fanettes.

Claude E. Clark, local realty operator, will leave in a few days for Oroville, where he will engage in the gold dredging work.
